

Stage1(jackey feels asleep)

Narrator:When Jackey is having a chemistry lesson, he began to fall asleep.

It seems that he is having a terrible dream. let's see what happen to him.

Jackey:(Jackey screams) Help! Help! Miss Ding, please let me go!

Miss Ding: you need to learn more about chemistry!  
(angrily!)please come back to study.

Jackey: Ah! i hate chemistry!

Narrator:Jackey goes back to Stone Age in his dream.

Stage 2(Stone Age)

Narrator:people are making tools and weapons with the stones and animal bones.

Jackey: Where am i? Who are they? What are they doing?  
(Jackey says curiously) Are they hunting (stone age people come out)?

(One boy suddenly towards Jackey and says)

The girl:@#\$^&%\$###\$@\$

Jackey:What?

Narrator:The girl is called Anson. Anson gives Jackey a candy and he eat it.

Anson:You should understand what i am talking about now.

Jackry:Yes. It's amazing. Where am i?

Anson: we are in Stone Age now. It's around 3000B.C.

Jackey: Really? How can i get back? (Jackey feels worriedly)

Anson: I don't know. But you can stay here to experience the life in Stone Age for few days first.

Jackey: Yes, you're right. Let me introduce my self first. I'm Jackey.

Anson: I'm Anson from 2046. I took a time machine to come here. Nice to meet you (they shake hands with each other)

Jackey: Oh! Time machine? It's unbelievable. Anyway, nice to meet you too. What are you doing here?

Anson: In our age, there are a lot of diseases everywhere. In order to cure the diseases, i come here to find some resources. Umm... Shall we go hunting together?

Jackey: It's seems great. Let's go hunting!

Narrator: Then, they go to the forest and hunt.

Jackey: (Jackey points to the rabbit and says) There is a rabbit. Let's go and catch it (run towards the rabbit).

Narrator: When they are running, they fall into a large burrow By mistake. They are faint ...

Stage 3 ( Copper Age, 30 minutes later )

Narrator: After 30 minutes, they are awake. They walk towards the bright side slowly.

Jackey: Where are we? ( Jackey feels afraid )

Anson: I don't know (Anson shakes his head )

Jackey: I think so. They use coppers to make container and decoration ( Collecting coppers samples ). It's amazing to live in the Copper Age!

Jackey: *Yes.*

Narrator: When they're talking, a girl come out.

Jackey: *Why my classmates Hebe is here? ( talk to oneself)*

Hebe: *Jackey, you are right! We are in the Copper Age!*

Anson: *Hi Hebe! Let me talk about the tools that people use at that time. The tools tin in the Copper Age are stronger than those you find in the stone age and the durability of the Copper tools are better than those in stone tools.*

Hebe: *It's amazing, you're knowledgeable.*

Anson: *Thanks, my name is Anson, from 2046.*

Hebe: *Nice to meet you, Anson.*

Anson: *Me too. Shall we go to the Iron Age now?*

Hebe: *Sure, but how we can go to the Iron Age?*

Jackey: *Oh yeah, Anson, you come from 2046, don't you? You must have a time machine, right?*

Anson: *Yes, i have a time machine.*

Jackey: *Ok, let's go to the Iron Age ! Jackey feels excited)*

Narrator: *they all feel excited to go to the Iron Age.*

Stage 4 ( Bronze age )

Hebe: *Oh no, it seems that we need to stay in the Bronz Age for a long time becaus we don't have enough fuels to go to the Iron Age.*

Jackey: *When is Bronze Age?*

Hebe: *Bronze Age is in around 4000 B.C.*

Jackey: *How do we get more fuels then?*

Anson: *We need to make a chemical cell.*

Narrator: An electrochemical cell is a device which allows chemical reaction to produce electrical energy or pull-in electrical energy to motivate chemical and then, they start collecting the materials to make the chemical dry cell. After 10 minutes, they start the journey again. ( All of them are making the chemical dry cell)

Stage 5 ( Iron Age )

Hebe: **I know that iron is abundance and hard at that time. What's more ,the melting point of iron is really high. ( She emphasizes )**

Anson: **People in the iron Age use iron tools. ( they are collecting iron metals ores )**

Anoson: Thankyou guys, i think i have already collected enough resources to cure the diseases in my home town in 2046... I hope that we can see each other next time, i go back to my world now ( getting on the tme machine ),bye.

Jackey an Hebe: **bye an takecare.**

Stage 6 (in the classroom)

Miss Ding: **Hey! Jackey! Don't sleep in my class. I have told youn many times!**

Jackey: **(Jackey feels sleepy ) I slept for a long time, didn't i?**

Miss Ding: **You should learn from your neightbour Hebe. She always focuese in class (She points at Hebe )**

**(they look at each other for few seconds. Hebe is smiles at Anson, then the bell ring. Miss Ting Want to leave the classroom )**

Jackey: Miss Ding! Don't leave. I want to learn more about chemistry. I want to be a scientist to save the world!

Miss Ding: What? Really? You can find me at recess if you want to know more about chemistry.

Narrator: After 20 years, Anson is one of the best scientist. (Anson wears the costume confidently)

Narrator: Also, he has invented many medicines to cure the diseases in 2046. The world becomes better and safer for citizens to live.
