

Scene 1: Hotel Lobby

Narrator: One day some bad guys walk into a hotel lobby...

(Bad guys enter hotel.)

Bell Boy(27): Welcome to our hotel.

(Bad guys walk past and don't answer.)

Bell Boy(28): Welcome , may I help you?

Bad Guy(16): *(rudely)* NO NEED.

Hotel Clerk(5): Hello, welcome, what is your name? What kind of room did you book?

Bad Guy(16): I've come to get a job.

Hotel Clerk(5): Oh, what kind of job do you want?

Bad Guy(16): Electrician.

Hotel Clerk(5) :Oh I see. *(Points off stage)* Come this way and have a job interview, please. *(They exit.)*

Bad guy (19):*(to other Bad Guys)* Hey, he's in. Let's get ready, brothers. The show will start soon! We will show everyone what happens to people who refuse to pay us "protection money".

Narrator : Suddenly, the hotel's electricity stops.

(Lights go out.)

Hotel Clerk(2): Oh no! The electricity has stopped!

Hotel Clerk (6): What can we do to fix this problem?

Hotel Clerk: (7): Hey, let's get that electrician to help us. *(They exit.)*

Bad guy(1):HAHA, I did it! I poured water over the electrical fuse.

Bad Guy (15): Ha Ha, they don't know what we have done!

Bad Guy (1): That's because they don't understand how electricity works.

Bad Guy (19): Yes, take this three-pin plug, for example. (*Pulls out a three-pin plug; a three-pin plug appears on the projection screen for the audience to see.*) You can see that there are three wires inside – the live wire, the neutral wire and the earth wire. When a plug is inserted into a main socket, these wires are connected to the corresponding wires in the main socket.

Bad Guy (1): Yes, the live wire carries voltage which drives an electric current through the electrical appliance. The neutral wire provides a return path for the current .The earth wire is the safety device .

Bad Guy(16): When they switch this plug back to normal and switch on the electricity ,it will explode!

Scene 2: In the electrical meter room

Hotel Clerk (6): Ouch! I'm badly hurt!

Hotel Boss: Oh no! How could this happen? *(To Hotel Clerk (5))* Quick, call the police! *(Hotel Clerk (5) calls.)*

(Hotel Clerk (7) enters.)

Hotel Clerk (7): Boss, a customer is hurt. She plugged a hairdryer into an electrical socket and it exploded!

Bad Guy(15): I'll get the security guard! *(Pulls out a knife and puts it to the throat of the security guard, who gives up .)*

Bad Guy(16): Hey, here comes the hotel boss. Get ready!

Bad Guy(19): This is what happens to people who don't pay us.

Hotel Clerk (5): Oh no! Help! I don't want to die!

Police (4): Hey you, stop! You are under arrest!

(The police pull out their guns, take down the robbers and handcuff them.)

Hotel Boss: Thank you! You saved us!

Police: You're welcome. *(To bad guys.)* How terrible you are! Using scientific knowledge to harm others! You're going to jail! *(All exit.)*

Narrator (10): So in the end the bad guys went to jail. Later, the hotel boss hired a good electrician and taught his staff the basic electrical knowledge so that this sad event would never happen again.
