Our Perfect Work: The 1C Street Cats

PPT 1

Scene 1: The Fake Picture **PPT 2**

- **CHARLES:** Charlie! Look! You are famous online! You've got 50,000 likes for your painting in two hours!
- **CHARLIE:** What? My painting? Famous?
- **CHARLES:** Yes, your painting of the street cats! I took a picture of your rough sketch yesterday. Then, I used an AI app to create the finished look. See, I posted it online and typed: **"Super real street cats"**. Look! **50,000 likes!** In 2 hours!
- **CHARLIE:** Charles, that's not my painting! That's AI work. Look at what I actually have!
- **CHARLIE:** Do you know what's special about this cat? Fingernails!!! Do you know the story behind?
- **CHARLES:** Hmmm

Scene 2: The Town Arrives **PPT3**

- **EVAN:** There she is! Our amazing WYY artist! Charlie, I love your street cats so.
- **BONNIE:** Yeah, me too. See, I brought special fish-shaped cookies...for the cats! Let's take a look at the cats!
- **EVAN:** Yeah, I wanna see them too!
- **CHARLIE:** NO, wait. Please.
- **PPT4 (FULL SCREEN, NO PEOPLE) FOR 1.5 SECONDS**
- **EVAN:** **PPT5** OMG?! How come there's only one cat?
- **CHARLIE:** I did try to tell you! But...
- **CHARLES:** Oh, oh, oh! It's my fault! My fault indeed. I used AI to make the other cat. But look at this! The AI did it perfectly in three seconds, and received 50,000 likes now. Isn't it cool?
- **CHARLIE:** Look at the fingernails?! AI could only give them normal, boring cat paws! It isn't cool at all. It's fake! My chunky orange cat would show off her freshly painted red nails! My creation is designed especially for the **"Art Dreamers & Beauty Care"** shop!

Scene 3.1-3.2 : Why Human Art Matters

- **ELAINE:** **PPT6** Charlie is right. (**ALL:** Ms Emily.) AI just copies things from millions of ordinary pictures. It doesn't know our unique cats. **PPT7** Take a look at the recent statue in London Place. The statue depicts a man hoisting a large flag that covers his face as he steps into no ground. His proud march seems to cause him an accident. Banksy has an ability to inspire people from a range of backgrounds to enjoy modern art. (**ALL:** I see. I see.)
- **CHARLIE:** Exactly. **PPT8** My community project is to show how funny and special our neighborhood in Hong Kong is through modern art. We don't want boring cats. Art is about taking the time to notice the special details, sharing and talking about them while appreciating them together.
- **ANSEN:** Hey, What are you guys doing here?
- **BENJI, AMIEE, MEGAN & EUGENE:** Count us in! Count us in!
- **CHARLIE:** Sure, we can create the cats together!
- **ALL:** YEAH! YEAH! YEAH!

Scene 4: The Grand Finale

- **BENJI:** The two cats will belong to all of us.
- **EUGENE:** I would like to offer some help too.
- **AMIEE, MEGAN...** Me2 Me2...
- **CHARLES:** Me 67! **PPT9(67 GIF)**
- **ALL:** Let's 67!
- **BONNIE:** Wait! **PPT 10** I would like to add the fish-shaped cookies to make it more unique.
- **CHARLIE:** OH! The chunky orange cat needs her 3D manicure!
- **ELAINE:** Yes! Now *that* is human creativity!
- **AIMEE:** Our work is perfect now!
- **MEGAN & EUGENE:** Let's sing and dance together. **PPT 11**

We mixed the colors—dark and light, it's so much fun.

The way we work together unites us.

**The best part is that we made the two cool cats— (NO NEED PPT SHOW V6
WHOLE CLASS SINGING video)**

made by us, ah-ha, that's what makes it beautiful.
