## A REPORT ON EXERCISE HABITS OF OUR TEACHERS

Recently, we have conducted a survey on the exercise habits of teachers. We have surveyed a total of 15 teachers. Now we are going to discuss some of our findings.

The first question is about how many hours they spend every week doing exercise.

**Of all the teachers surveyed,** \_\_\_\_\_ do not exercise at all, and 46.7% exercise for \_\_\_\_\_, or \_\_\_\_\_ per week. None \_\_\_\_\_ every week.

The second question is on the kinds of exercise they usually do. **According to our survey,** the three most popular sports among teachers are \_\_\_\_\_( %), \_\_\_\_\_( %) and \_\_\_\_\_( %). The two least popular sports are \_\_\_\_\_( %) and \_\_\_\_\_( %).

The third question is on the benefits of exercising regularly. **According to our survey, the majority of** teachers surveyed think exercise makes them stronger and healthier ( %), \_\_\_\_\_( %) and makes \_\_\_\_\_( %). **About one-third of them** think exercise \_\_\_\_\_( %). **Less than one-third of them** think \_\_\_\_\_.
