If your group could travel back in time to the Renaissance and you would meet Martin Luther...

In 1517, Martin Luther nailed the 95 Theses to a church in Wittenburg (威登堡), Germany.

The 95 Theses
(《九十五條論綱》)
written by Martin
Luther (馬丁路德)

- Martin Luther wrote a list of 95 objections
- nailed the list to a church door
- This led to the Reformation in the 16th century.

If your group could travel back in time to the Renaissance and you would meet Galileo...

Inquiry topic: Galileo's scientific experiment

The pictures below describes an **experiment** done by Galileo in the **Leaning Tower of Pisa** (比薩斜塔). Study it carefully and answer the following questions.

Galileo

A Greek scientist once said that two things of different weight reached the ground at different times. I shall do an experiment to see whether this theory is right.

The two metal balls reached the ground at the same time.

Look, here are two metal balls. One ball is heavier than the other.

How can he not believe in the old theory?
